### SIM Card Rental

South Korea  
SK Telecom Airtime

[www.cellhire.info](http://www.cellhire.info)

### SIM Card Enclosed

Rented a device? Your SIM has been pre-inserted.

# Thank you for choosing Cellhire

## Important

### Lost and Stolen

In the event that your SIM card is lost or stolen, please contact Cellhire immediately on the 24/7 helpline to suspend the SIM and discuss replacement options.

Please remember that once the SIM is reported lost/stolen, you will remain responsible for all charges and usage incurred until the network disables the SIM.

## Please Note

### Your phone book contacts

Contacts in your own phone book are stored either on the phone or SIM memory. To ensure you have access to all of your contacts, copy all contacts to your phone memory and activate the phone memory on your handset.

## Making Calls

### Making a local call in South Korea

Dial the city code then the phone number and press the call key.

To make an international call from South Korea You must enter 005 on your keypad then dial the country code, the area/city code, the phone number, and then press the call key.

For example: If calling the UK, 07774 477000 would become 005 44 7774 477000 (omitting the first 0 of the mobile number).

Important: Failure to use 005 prefix will result in higher call charges.

## Receiving Calls

### Receiving calls from South Korea

Callers should dial the number allocated to you.

### Receiving calls from outside South Korea

Callers should dial the international prefix for the country they are in, followed by the South Korea country code, then the South Korea number allocated to you (excluding 0).

For example: From within the UK:

00 82 10 1234 5678 or +82 10 1234 5678

## Getting started

If you have rented a device your SIM card has been inserted for you. To insert the SIM card into your device, the gold disc on the SIM must make contact with the connectors inside the device. Insertion is only possible if the SIM is positioned correctly.

## Please Note - SIM Only Rentals:

Please return your SIM in the pouch below.

Refer to return envelope for full returns details.

## Your Phone Number:

Please refer to the back of your device

## Data Settings

APN settings should be automatically added by the network to your device. If you are experiencing connectivity issues, details can be manually added.

The standard APN settings are:

APN: lte-internet.sktelecom.com

Username: Leave Blank

Password: Leave Blank

## Please Note

### Data usage

Data should only be used on products that have a data bundle attached. Data usage on voice only products can result in significant charges and is NOT RECOMMENDED.
